President's Note to Members

Hello Members,

As we get ready to start the 2017 season, I would like to give a recap of last year.

Our Wounded Warriors Poker Run held at the IGA went well; we hope to see a larger attendance this year on June 17th. In August we will host our annual steak feed and will incorporate a landowner appreciation into the event. In November, the Santa Schlep is always a great success.

In other news, we accomplished a lot of trail work last fall, especially on the Beaver Brook Falls trail, Mud Pond Ridge, the Dixville Peaks trail and Kelsea Notch. Some of the work was accomplished with help from the Bureau of Trails.

Our trail system will open Tuesday, May 23, weather permitting. The Balsams trail will open in late June to allow the trail to set up from the work completed late last fall. We look forward to seeing you in the coming season with a lot of great events in the North Country and hope you will once again join the Metallak Nation.

Happy Trails, ride safe, and please be considerate on the trails.

Thank you,

Craig Washburn

President Metallak ATV Club
